## Chapter 5.00: Personnel

5.622

### *MEDICAL MARIJUANA*

#### POLICY

- I. Administering Medical Marijuana to Qualified Students on District Property
  - A. The Board strives to comply with state law to honor families' private medical decisions while ensuring a learning environment free of disruption. To accomplish these goals, as a general rule, prescription medication, including medical marijuana, should be administered at home. Prescription medications, including medical marijuana, should only be administered on District property during school hours when administration cannot reasonably be accomplished outside of school hours. The primary caregiver should administer the medical marijuana/low THC cannabis at home whenever possible to qualified students/patients who require the use of medical marijuana/low THC cannabis for a qualifying medical condition.
  - B. In those limited circumstances when it is medically necessary, administration of medical marijuana to qualified students on District property shall be in accordance with this policy. Administration of all other prescription and nonprescription medications to students on District property during school hours shall be in accordance with applicable law and Board policy concerning the administration of medications to students.
  - C. Medical marijuana/low THC cannabis cannot be administered to a qualifying student/patient while aboard a school bus or at a school-sponsored event.
  - D. This policy conveys no right to any student or to the student's parents/guardians or other caregiver to demand access to any general or particular location on school or district property, a school bus or at a school-sponsored event to administer medical marijuana/low THC cannabis.
  - E. If the federal government indicates that the district's federal funds are jeopardized by this policy, or asks the District to cease and desist the implementation of this policy, the Board declares that this policy shall be suspended immediately and that the administration of any form of medical marijuana/low THC cannabis to qualified students on school property shall not be permitted. The District will comply with any federal guidance and/or directives related to this policy. The district shall post notice of such policy suspension and prohibition in a conspicuous place on its website.

to the principal/designee every school year, and when there are any changes to the medication and the type of preparation (i.e., oils, tablet). The completed form shall include the type, amount, time to be administered, possible side effects and any special instructions regarding the medication.

2. A written statement signed by the qualified student's parent/guardian must be on file which assumes all responsibility for ensuring the administering individual is qualified to perform the task, assumes all responsibility for the administration, maintenance and use under state and federal law, and releases the District from liability for any injury arising out of the administration of medical marijuana on District property.
  3. The parent/guardian/caregiver shall be responsible for providing the permissible form of medical marijuana to be administered to the qualified student and for removing the medical marijuana from school grounds immediately after the administration is complete.
  4. The District determines, in its sole discretion, that a designated location and method of administration of medical marijuana are available that do not create a risk of disruption to the educational environment or exposure to other students.
  5. In accordance with this policy, district or school administration shall prepare, with input from the qualified student's parent/guardian/caregiver, a written medical marijuana/low THC cannabis implementation plan that identifies the registration number for the medical marijuana registration, permissible form of the medical marijuana/low THC cannabis, designated location(s), and which shall be on file with the school.
  6. The written plan shall be signed by the school nurse, school administrator, and the qualified student's parent/guardian/caregiver.
- C. Any parent/guardian seeking access to District property for purposes of this policy must comply with District policy and/or procedures concerning visitors to schools, including checking in through the District's Raptor\*Check-in System.
- D. Student possession, use, distribution, sale or being under the influence of medical marijuana inconsistent with this policy may be considered a violation of Board policy concerning drug and alcohol use by students or other Board policy and may subject the student to disciplinary consequences, including suspension and/or expulsion, in accordance with applicable Board policy.
- E. Permission to administer medical marijuana/low THC cannabis to a qualified student/patient may be limited or revoked if the qualified student/patient or the student's caregiver violate this policy or demonstrate an inability to responsibly follow this policy's parameters.
- F. At no time shall the qualifying student/patient have the medical marijuana/low THC cannabis in their possession except during the administration process, through dispensation by the designated primary caregiver, per the District's implementation plan.

Re: Work Hours and Salary Amounts for Classified Personnel at Seminole Elementary School for 2018-19

An agreement has been reached between the Okeechobee County Education Association #1604 (OCEA) and the School Board of Okeechobee County (Board) regarding work hours and salary amounts paid to employees at Seminole Elementary School for the 2018-19 school year. For the 2018-19 school year only, the specific provisions as outlined in this MOA will supersede any existing relevant provisions of the Classified Contract for employees at Seminole Elementary School that directly relate to employee hours worked per student day and salary amounts paid under respective employee salary schedules.

Classified personnel designated to work beyond their normal work hours on student days will be compensated at their hourly rate of pay. Classified employees who work more than 40 hours per week will be paid overtime in accordance with the Fair Labor Standards Act. Classified personnel who are not specifically designated to work additional time each day will work regular hours as found under the current Classified Contract and be paid accordingly. During days in which students are not in attendance at school, current Contract provisions shall apply, including regular hours of work and rates of pay.

Any additional changes regarding implementation of this Memorandum of Agreement affecting terms and conditions of employment shall be negotiated.

Re: School Guardian

An agreement has been reached between the Okeechobee County Education Association #1604 (OCEA) and the School Board of Okeechobee County (Board) regarding School Guardians for the 2018-19 school year.

Classified personnel that volunteer to be a part of the Coach Aaron Feis Guardian Program, when acting in the course and scope of employment, will be covered under the District's liability insurance. The District will carry at least \$1,000,000.00 in liability coverage.

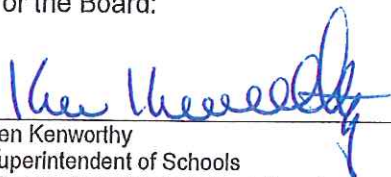

School guardians who volunteer for this program shall have access to grief counseling after an incident involving the discharge of their firearm in the course and scope of their employment. Guardians will first access services through the Employee Assistance Plan (EAP). Additional counseling sessions beyond what the EAP provides, may be arranged through the Office of Administrative Services.

School guardian training will be provided at no cost to the employee.

Volunteers who have successfully completed the psychological exam, have a concealed weapons permit, and own a weapon meeting the Sheriff's specifications will be considered at the sole discretion of the Superintendent and the Sheriff to participate in the required training. Participants shall be paid \$1,500.00 upon completion of the training and receipt of a School Guardian certificate from the Sheriff.

Any additional changes regarding implementation of this Memorandum of Agreement affecting terms and conditions of employment shall be negotiated.

Re: Work Hours and Salary Amounts for Instructional Personnel at Seminole Elementary School for 2018-19

An agreement has been reached between the Okeechobee County Education Association #1604 (OCEA) and the School Board of Okeechobee County (Board) regarding work hours and salary amounts paid to employees at Seminole Elementary School for the 2018-19 school year. For the 2018-19 school year only, the specific provisions as outlined in this MOA will supersede any existing relevant provisions of the Instructional Contract for employees at Seminole Elementary School that directly relate to employee hours worked per student day and salary amounts paid under respective employee salary schedules.

Instructional personnel at Seminole Elementary School will work eight (8) hours each student day to provide an additional hour of required reading instruction. The only exceptions will be instructional personnel who are not eligible to teach the additional hour of instruction according to F.S. 1011.62(1)(f)(2) and/or those affected by conflicts in the master schedule. Employees who are not eligible under statute to teach the additional hour of instruction shall have a seven and one-half (7.5) hour workday and be paid accordingly, unless specifically designated to work an extra hour to provide class coverage under the school's master schedule. The additional 30 minutes worked per day will be paid at the employee's hourly rate of pay. Days in which students are not in attendance, *i.e.* teacher pre-planning days, teacher workdays, and teacher post plan days, shall be seven and one-half (7.5) hour workdays and be paid accordingly.

Any additional changes regarding implementation of this Memorandum of Agreement affecting terms and conditions of employment shall be negotiated.

Re: School Guardian

An agreement has been reached between the Okeechobee County Education Association #1604 (OCEA) and the School Board of Okeechobee County (Board) regarding School Guardians for the 2018-19 school year.

Instructional personnel that volunteer to be a part of the Coach Aaron Feis Guardian Program, when acting in the course and scope of employment, will be covered under the District's liability insurance. The District will carry at least \$1,000,000.00 in liability coverage.

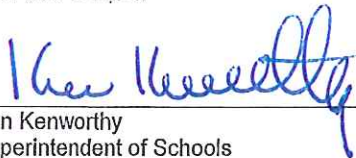

School guardians who volunteer for this program shall have access to grief counseling after an incident involving the discharge of their firearm in the course and scope of their employment. Guardians will first access services through the Employee Assistance Plan (EAP). Additional counseling sessions beyond what the EAP provides, may be arranged through the Office of Administrative Services.

School guardian training will be provided at no cost to the employee.

Volunteers who have successfully completed the psychological exam, have a concealed weapons permit, and own a weapon meeting the Sheriff's specifications will be considered at the sole discretion of the Superintendent and the Sheriff to participate in the required training. Participants shall be paid \$1,500.00 upon completion of the training and receipt of a School Guardian certificate from the Sheriff.

Any additional changes regarding implementation of this Memorandum of Agreement affecting terms and conditions of employment shall be negotiated.
