SUICIDE PREVENTION

POLICY

- I. The School Board is committed to protecting the health, safety and welfare of its students and school community. The Board recognizes that suicide is one of the leading causes of death for Florida's youth. It is critical for families and community members to communicate with and provide information to school staff to identify students at risk of suicide.
- II. The Board directs all school district staff members to be alert to a student who exhibits warning signs of self-harm or who threatens or attempts suicide. Any such warning signs or the report of such warning signs from another student or staff member shall be taken with the utmost seriousness and reported immediately to the Principal or designee.
- III. The Superintendent shall develop procedures to ensure that this policy is carried out in each of the District schools. The Superintendent will prepare and disseminate guidelines to assist school district staff members in recognizing the warning signs of a student who may be contemplating suicide, to respond to a threat or attempted suicide. The Superintendent will develop an intervention plan for in-school suicide attempts, out of school suicide attempts and an appropriate re-entry process, including a re-entry meeting to discuss the development of a safety plan and additional interventions or supports.
- IV. Professional development training in youth suicide prevention opportunities shall be provided to student personnel services staff, administration and instructional staff. A two (2) hour continuing education program of youth suicide awareness and prevention training, utilizing training materials from the list approved by the Florida Department of Education (FLDOE) is also available for all district staff in all job categories as well as other adults on campus who regularly interact with students or are in a position to recognize the risk factors and warning signs of suicide. Instruction about how to identify appropriate mental health services and how to refer youth and their families to those services should be included in the program. If all instructional personnel at a District school participate in the two (2) hour training the school will be considered a "Suicide Prevention Certified School".

- V. Immediately upon receipt of information that a student is exhibiting warning signs of suicide, the student will be referred to a school-based mental health services provider (and the school-based suicide assessment team) to perform the Columbia Suicide Severity Rating Scale (C-SSRS). Based on the responses given on the C-SSRS, a district-level, licensed mental health counselor may be called in to assist in the facilitation of a suicide assessment prior to determining whether the student requires an involuntary examination (Baker Act). The Principal and/or the school-based suicide assessment team shall immediately contact the parent(s) or guardians of the student and inform them of the situation and outcome. School-based follow-up will occur, and counseling services from an outside agency will always be sought for students in situations where the Baker Act was instituted and in situations deemed necessary to build better mental health for the student.

Training must include explanation and direction that every staff member must take appropriate action(s), including initiating a lockdown on a school campus should they see, hear, or smell anything that may immediately impact the safety and security of any staff, students, or visitors on campus. In addition to initiating this lockdown each and every employee has the ability and responsibility to call 911 in an emergency.

D. Communication and Notification Procedures

The District shall ensure that external and internal communication and notification procedures are developed and implemented. In an actual emergency the Principal, Assistant Principal, Guidance Counselor, Dean and front office support staff are responsible for calling the primary emergency response agency by dialing 911. Upon the student's transfer to a different school, the threat assessment team must verify that any intervention services provided to the student remain in place until the threat assessment team of the receiving school independently determines the need for intervention services.

E. Coordination with Partners

The FSSAT will assist the district in identifying threats, vulnerabilities and appropriate safety controls for schools. The FSSAT will be submitted to the Department on time even if a special meeting must be advertised for approval.

G. Threat Assessment Teams

In the event a student poses a high level threat of violence or physical harm to himself or herself or others, the team shall immediately report its determination to the Superintendent or designee and shall implement immediate safety precautions to protect the student and others by implementing an Individual Student Safety Plan.

An Individual Student Safety Plan is designed to address specific student behavior that could be harmful or dangerous to the student and/or others. The safety plan balances the student's right to privacy and access to educational programming with the safety needs of the school. A safety plan is required for students who are returning from hospitalized (i.e., Baker Act) or have been in residential treatment for mental health issues. Code of Student Conduct

Engaging Instruction - Educational Equity - Talent Management - Effective Communication - Strategic Investment
Mr. Ken Kenworthy, Superintendent

FOREWARD

Dear Parents:

This Code of Student conduct has been developed by parents, teachers, students, administrators, school board and community members. Working together, we feel we have developed high expectations for student behavior as well as a reasonable set of possible consequences that accompany a rule infraction.

The basis for this strict Code is the concept of RESPECT- respect for others, for property, for authority and for self. It is the responsibility of the student, parent and school to work together to enforce the code in a fair and equitable manner so that our schools can remain a safe environment free from violence and harassment.

Please review the Code of Student Conduct with your children. Discuss it with them so that they may understand there may be consequences for their actions. We are very proud of our students and believe that they will live up to our high expectations if we communicate the rules, assign consequences to change behavior, progressively increase the consequences for repeated offenses and proactively work with students and parents to provide incentives to prevent undesirable behavior.

It is only with the help of all stakeholders that our schools remain a safe haven for all students to thrive educationally and socially.

Sincerely,

The Code of Conduct Committee

Modifications to this code may be necessary for students with active individualized education plans in accordance with the Individuals with Disabilities Education Act and state statute and for students who qualify for services under Section 504 of the Rehabilitation Act of 1983 who have an existing modification plan. For more information, contact the school counselor at your child's school.

Minimal revisions may be made annually by the district with review and input from the Code of Conduct Committee when substantial changes are anticipated. [Florida State Statutes](#) are applied to school incidents. At times, these statutes are enacted or have an enforcement date after the printing of this Code. All applicable State Statutes will be followed.

PUBLIC SAFETY ACT

The Marjory Stoneman Douglas High School [Public Safety Act \(SB 7026\)](#) is comprehensive legislation enacted to focus on public and school safety. An important component of the legislation is providing students and their families' access to mental health services. Parents/Guardians of new or transferring students are required to note referrals to mental health services on the Student Registration Form. Districts policies and procedures relating to the prevention of violence on school grounds and the provision of mental health services have been updated per this legislation.

The Student Code of Conduct has been changed in accordance with SB 7026 and [SB 7030](#), and now states that any student that makes a threat or false report; brings a firearm or weapon; who makes, posts or transmits a threat in writing or other record, including and electronic report, to conduct a mass shooting or an act of terrorism, in any manner that would allow another person to view that threat, must be referred to a mental health agency for evaluation or treatment when appropriate. In addition to mental health referrals students will also be referred for disciplinary action by the District, which can include expulsion. "Referral to mental health agency required" is listed for the offenses.

ROLES AND RESPONSIBILITIES

PRINCIPAL'S ROLE

<ul style="list-style-type: none"> The administrators at each school will, with the assistance of faculty and staff, develop rules consistent with this Code, the age of the student body, and the school's philosophy. Emphasis will be placed on teaching respect. These rules shall be published in the Student-Parent Handbook of the school. 	<ul style="list-style-type: none"> Principals must release a student to law enforcement officers when a warrant has been issued for the student's arrest.
<ul style="list-style-type: none"> Principals have statutory powers, which permit their determining disciplinary action appropriate to student misconduct (see F.S. 1006.09). Principals must protect the student's rights of due process and appeal. 	<ul style="list-style-type: none"> It is understood that disciplinary decisions are based on the judgment of the individual administrator, according to the details of each specific case. Any disciplinary or prosecutorial action taken against a student who violates a zero tolerance policy must be based on the particular circumstances of the student's misconduct.
<ul style="list-style-type: none"> The principal or the principal's designee shall give strong consideration to the recommendation for discipline made by the teacher, other member of the instructional staff, or a bus driver when making a decision regarding student discipline. 	<ul style="list-style-type: none"> This Code defines minimum punishments to be assigned for certain serious violations of the rules, but the punishment is determined by the principal or his/her designee. Any recommendation of expulsion shall include a detailed report by the principal or the principal's designated representative on the alternative measures taken prior to the recommendation of expulsion. 	<ul style="list-style-type: none"> The student's record may be considered. Punishment will be increasingly severe if rules are broken repeatedly or habitually. Repeated disruptive behavior may constitute "defiance of authority".
<ul style="list-style-type: none"> The principal or the principal's designee shall make a good faith effort to immediately inform a student's parent or guardian by telephone of a student's suspension and the reasons for the suspension. 	<ul style="list-style-type: none"> The principal is required to report certain infractions to law enforcement authorities and may press charges with the State Attorney if the violation warrants such action. CLASSROOM TEACHER'S ROLE

The teacher will inform every student of the classroom rules to be used in that teacher's room. The rules will be compatible with the school rules and the District Code of Student Conduct.

Within the framework of this Code of Student Conduct, teachers and other instructional personnel shall have the authority to undertake any of the following alternatives in managing student behavior and ensuring the safety of all students in their classes and school:

<ul style="list-style-type: none"> Establish classroom rules of conduct. 	<ul style="list-style-type: none"> Request and receive immediate assistance in classroom management if a student becomes uncontrollable or in case of emergency.
<ul style="list-style-type: none"> Establish and implement consequences, designed to change behavior, for infractions of classroom rules. 	<ul style="list-style-type: none"> Request and receive training and other assistance to improve skills in classroom management, violence prevention, conflict resolution, and related areas.
<ul style="list-style-type: none"> Have violent, abusive, uncontrollable, or disruptive students temporarily removed from the classroom for behavior management intervention. 	<ul style="list-style-type: none"> Press charges if a crime has been committed against the teacher or other instructional personnel on school property, on school-sponsored transportation, or during school-sponsored activities.
<ul style="list-style-type: none"> Assist in enforcing school rules on school property, on school-sponsored transportation, and during school-sponsored activities. 	<ul style="list-style-type: none"> Use reasonable force, according to standards recommended by the Education Standards Commission and the Education Practices Commission and adopted by the State Board of Education, to protect himself or herself or others from injury.
<ul style="list-style-type: none"> Request and receive information as to the disposition of any referrals to the administration for violation of classroom or school rules. 	

REMOVING A STUDENT FROM CLASS

1. A teacher may send a student to the principal's office to maintain effective discipline in the classroom. The principal shall respond by employing appropriate discipline-management techniques consistent with the Code of Student Conduct.
2. A teacher may remove from class a student:
 - a. Who has been documented by the teacher to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or
 - b. Whose behavior the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.

NOTE: If a teacher removes a student from class under subsection (2), the principal may place the student in another appropriate classroom, in in-school suspension, or in an alternative education program as provided by [F.S. 1003.53](#); or the principal may recommend the student for out-of-school suspension or expulsion, as appropriate. The student may be prohibited from attending or participating in school-sponsored or school-related activities. The principal cannot return the student to that teacher's class without the teacher's consent unless the committee established under [F.S. 1003.32\(6\)](#) determines that such placement is the best or only available alternative. The teacher and the placement review committee must render decisions within five days of removal of the student from the classroom.

3. Placement Review Committee, established under [F.S. 1003.32](#)
 - a. Each school shall establish a committee to determine placement of a student when a teacher withholds consent to the return of a student to the teacher's class.

Committee membership must include at least the following:

- (1) One teacher selected by the school's faculty; and one teacher selected by the teacher not wanting the student readmitted back in his/her class.
 - (2) One member from the school's staff who is selected by the principal. The teacher who withheld consent to readmitting the student may not serve on the committee.
4. Any teacher who removes twenty-five percent of his or her total class enrollment shall be required to complete professional development to improve classroom management skills.

STAFF MEMBER'S ROLE FOR DISCIPLINE OUTSIDE OF THE CLASSROOM

All school personnel shall be informed and are responsible for all school board administrative rules concerning discipline. All school personnel including teachers, custodians, paraprofessionals, cafeteria workers, office staff, etc., shall become involved in the discipline process anywhere on campus or at school functions off campus. All adults are expected to provide reasonable direction to students and report discipline problems. Misbehavior observed outside the classroom is usually referred directly to an administrator.

Any staff member shall be authorized to temporarily detain and question a student under circumstances which reasonably indicate that such student has committed, is committing, or is about to commit a violation of Florida Statutes or School Board Rules. No student shall be temporarily detained longer than is reasonably necessary.

PARENT'S ROLE

If the Okeechobee County School Board is to do its job, the home and the school must cooperate. The school's responsibility is to provide a quality education in a safe environment for all students. The parents' responsibility includes the following:

<ul style="list-style-type: none"> • Understand, support, and discuss this Code of Student Conduct with your child. 	<ul style="list-style-type: none"> • Know your child's school, its staff, and its curriculum.
<ul style="list-style-type: none"> • Teach your child self-respect, respect for the law, respect for the authority in the school, and respect for the rights and property of others. 	<ul style="list-style-type: none"> • <u>Make sure the school has your correct home and work telephone numbers, home address, and an emergency contact person and the telephone number</u>
<ul style="list-style-type: none"> • Show a positive attitude toward the school and toward your child is learning progress. 	<ul style="list-style-type: none"> • Teach your child to dress properly and neatly, and to be clean and well groomed.
<ul style="list-style-type: none"> • Make certain your child attends school all day, every day unless the child is ill. 	<ul style="list-style-type: none"> • Work closely with school personnel to solve any disciplinary or academic problems.
<ul style="list-style-type: none"> • Supervise young children attending extracurricular school activities, especially athletic events. Although the school will provide crowd control and proper supervision, the care of younger children attending an event is the responsibility of the parent. • Students under ninth grade must be accompanied by an adult when attending any high school function. 	<ul style="list-style-type: none"> • Recognize that Florida Statute states students are considered under the control and supervision of the school when they are on the premises during a reasonable time before and after school and while attending or participating in a school-sponsored activity at the schools site. (Board Policy 5.40) • Reasonable time is defined as 30 minutes before and after school events. (Prior to and after the 30 minutes, supervision will not be provided by the school.)

COMPULSORY SCHOOL ATTENDANCE LAW
FLORIDA STATUTE CHAPTER 1003.27

A parent who refuses or fails to have a child who is under his or her control attend school regularly, or who refuses or fails to comply with the requirements in subsection (3) is guilty of a misdemeanor of the second degree, punishable as provided by law. The continued or habitual absence of a child without the consent of the principal or teacher in charge of the school he/she attends or should attend, or of the tutor who instructs or should instruct him/her, is prima facie evidence of a violation of this chapter; however, the court of the appropriate jurisdiction, upon finding that the parent has made a bona fide and diligent effort to control and keep the child in school, shall excuse the parent from any criminal liability prescribed herein and shall refer the parent and child for counseling, guidance or other needed services. Absence must be explained whenever a student is absent. The parent shall report the cause of such absence to the teacher or principal of the school.

EXCUSED ABSENCES ARE THOSE COVERED BY THE REASONS THAT FOLLOW:

1. Illness or injury of the student;
2. Illness or injury to the student's immediate family necessitating the student's absence;
3. Death to a member of the student's family necessitating the student's absence;
4. Recognized religious holidays;
5. Doctor and dental appointments;
6. Pre-arranged absences of educational value and with the principal's prior approval;
7. Subpoena or forced absence by any law enforcement agency;
8. Major disaster that would justify absence in the judgment of the administration, and
9. Head lice, a maximum of two days per incident.

FLORIDA STATUTE CHAPTER 1003.24(4): A student must provide medical verification of illness within three of days. The Okeechobee County School Board requires verification of illness by a medical source after nine absences in a semester for grades 9-12 and nine absences in a school year for grades K-8. Without verification, the absence will be unexcused and addressed by the truancy policy as stated in this Code under Violation, Section A. Absenteeism.

Department of Highway Safety and Motor Vehicles Notification Procedures

Section 1003.27 (b) Florida Statutes – The district school superintendent must report to the DHSMV habitual truants and dropouts. A truant or dropout may have their driver's license privilege taken away. In addition, the DHSMV may withhold issuing a permit. The following procedures should be followed according to law in referring students to DHSMV for missing 15 unexcused days of school:

1. The Administrative Assistant of I.T. will forward the information on students 14 to 17 years old missing 15 unexcused days of school.
2. DHSMV will mail an Intent to Suspend letter to the student.
3. The student then has 15 calendar days to schedule a hearing to document hardship. The hearing, which will be heard and processed by the principal, must take place within 30 days. The school principal must immediately notify the district contact of a student's request for a waiver. This urgency stems from Florida law stating that the district contact must notify the DHSMV within 24 hours after a student's request for a hearing.
4. The hearing must be conducted within 30 days. The principal must notify the district contact of the outcome of the hearing as notification must be given to DHSMV within 24 hours.
5. If no response and/or no improvement in attendance have been made, the DHSMV will send an Order of Suspension letter to the truant student.

Students must attend school for 30 consecutive days without an unexcused absence to have their license reinstated. The principal of the school will provide students with a paper document certifying no unexcused absences within the past 30 days. The signature on this document must be notarized or accompanied by the official school seal.

COMMUNICATION MUST BE A PRIORITY FOR SCHOOL STAFF AND PARENTS/GUARDIANS

Correct contact information must be in Skyward. Contact the school site(s) for updating and access to the Skyward system. Access will provide instant information related to current grades and student academic progress. Access will provide a direct link to the teacher(s).

Phone calls, emails, direct messages via texts, scheduled face-to-face meeting and video conferencing are all quick and simple solutions to communicating in the best interest of our students.

Chain of Who to Call:

Who do I contact when I have a concern regarding my child or children?

- Start with the classroom teacher (call or email), if you are not satisfied:
- Contact an administrator (the Assistant Principal), if you are not satisfied:
 - Contact the Principal, if you are not satisfied:
- Contact Student Services, from there your call will be routed to the appropriate department.

Note: it is always better to start at the school site with communications; it will speed up getting to a solution!

POSITIVE BEHAVIOR INTERVENTION SUPPORT

Okeechobee School Board uses Positive Behavior Intervention Support (PBIS) as our approach to positive discipline in all schools. We are working to develop effective environments in which positive behavior is more effective than problem behavior. It emphasizes the use of preventative, teaching and reinforcement-based strategies to achieve meaningful and lasting behavior and lifestyle outcomes. Because PBS is driven by the discipline information specific to each school, the approach continues to adjust to meet the needs of the school environment and the students. At each school you will see clearly stated expectations for everyone and positively stated rules for each area of the school.

As with any group of people, school rules are necessary in order to provide a safe, nurturing and stimulating place in which all students learn and grow academically, socially and emotionally. To reinforce students for displaying behavior consistent with the expectations and rules, the faculty and staff provide many types of student recognition. Students can attend "PBS events", win prizes or bank their tokens to "buy" their choice at a school store. All of the events and incentives help students to immediately learn that living up to the expectations and following the rules makes school a positive place for everyone.

Interventions & Restorative Practices

The following interventions/consequences are provided for those offenses with consequences listed at principals' discretion. In some cases, they may be used as a diversion from or in addition to a more severe consequence.

• Apology/Restitution	• Functional Behavior Assessment
• Parent Contact	• Social Skills Training
• Behavioral Contract	• Removal from Program/Activity

CORPORAL PUNISHMENT

1. Corporal punishment is the moderate use of physical force or physical contact as may be necessary to maintain discipline or to enforce school rules.
2. The punishment must be administered by a parent or guardian, in the presence of an administrator or his/her designee, and under conditions not calculated to hold the student up to ridicule or shame.
 - a. The punishment must be reasonable.
 - b. Corporal punishment shall be limited to a maximum of three swats for any one offense.
 - c. The type of punishment, the severity of punishment, and the number of swats administered when paddling a student must be determined in every case.
 - d. In administering corporal punishment, an instrument designed to minimize possible physical injury should be utilized.
3. In every case of corporal punishment, the student, parent, and witness are to be told beforehand of the seriousness of the offense and the reason for the punishment as well as the number of swats he/she is to receive.
4. Under no circumstances shall a student be struck about the head or shoulders. Corporal punishment shall be administered posteriorly.
5. The principal or his/her designee will maintain a record of all instances when corporal punishment is administered. This record will contain the date, time, number of swats administered, the offense and adult witness (2 OCSB employees, at least one of which is the same sex of the parent administering the punishment).

DETENTION

Detention is an option a school may choose as a discipline measure. It consists of having a student stay after school hours for a set time in a designated place, usually working on academic work. Student may be directed to perform school service work.

WITHHOLDING PRIVILEGES

It is appropriate to withhold privileges at the elementary, middle school, and high school levels as a disciplinary consequence. Such privileges can include, but are not limited to: participation in field trips, Grad-Night, attendance at the prom, and driving privileges.

TIMEOUT, SECLUSION AND PHYSICAL RESTRAINT

To provide for the physical safety and security of students and staff when students pose a threat to themselves and/or others, trained staff may implement use of the least restrictive but effective intervention(s) for each student such as time out, seclusion or physical restraint. If using these interventions, [School Board Policy 5.36](#) shall be followed.

SATURDAY SCHOOL

Saturday School is an option a school may choose as a discipline measure. It is held at the school for one-half of a Saturday on designated Saturdays. Activities assigned for Saturday School may consist of campus beautification, school service work and/or instruction.

IN-SCHOOL SUSPENSION

In-School Suspension is an option a school may choose as a discipline measure. In-School Suspension is used at times in place of Out-of-School Suspension. During In-school Suspension, students will be provided academic work and/or lessons that focus on improving behavior.

NOTE: If the discipline assigned above is not carried out by the student, a harsher disciplinary measure will be implemented.

OUT-OF-SCHOOL SUSPENSION

The principal or his/her designee may suspend a student for up to nine school days. Each suspension and the reasons for it shall be reported immediately if possible, by telephone and in writing, delivered personally or by mail to the parents and faxed to the Okeechobee County Sheriff's Department, the Okeechobee City Police Department, the Department of Juvenile Justice (if the student is a client of DJJ), the Superintendent of the Schools, and the Exceptional Student Education Director. The length and conditions of the suspension may vary depending on the seriousness of the misconduct and the student's record. Suspension prohibits any student from attendance at any school's programs and activities.

Out-of-School Suspension is an unexcused absence. No student shall be suspended for unexcused tardiness, lateness, absence, or truancy [[F.S. 1006.09\(1\) \(b\)](#)].

a. Investigation Procedures

It shall be the duty of the principal, or his/her designee, to determine the facts based upon the information provided by the accused, the accusing person and any other witnesses. The principal or his/her designee shall prepare in written form a list of witnesses to the occurrence and a summary of each witness' testimony including that of the accused pupil. This summary shall be filed in the principal's office.

The principal shall notify appropriate law enforcement agencies and the superintendent's office at the time of the incident, if this action is warranted.

b. Suspension Procedures

The principal or is/her designee shall prepare a **Notice of Suspension** which shall indicate the reason for the suspension. The **Notice of Suspension** shall inform the parent or guardian of their right to a hearing.

The original **Notice of Suspension** shall be sent to the parent or guardian giving notice of the suspension within 24 hours. There shall be no evidence of the suspension posted on the pupil's permanent record other than that which may be reflected by his/her attendance record.

The copy of the **Notice of Suspension** filed in the pupil's discipline record may be removed with the approval of the principal. A reasonable effort shall be made to contact the parent or guardian of the pupil at the time of the suspension. If the parent or guardian cannot be contacted, the pupil is not to be sent home during the school day.

c. Suspension Hearings

If the parent, guardian or adult student wishes to avail himself of a hearing, he shall request with the principal at the specified address and before a certain date and time identified in the notice. Failure to request a hearing, in a timely manner, shall be considered a waiver of the right to a hearing. Any person(s) who may have been involved in the case or any witnesses may attend the conference if requested by the parent or guardian and approved by the hearing officer. In advance of a hearing, the parent or guardian of the pupil must have been notified as to the specific nature of the charge(s) against the pupil on the **Notice of Suspension**. The parent or guardian shall have the right to a list of witnesses against the pupil and summary of their testimony. The pupil must be given an opportunity to be heard at this hearing.

1. If the principal determines that the safety of a student or staff member would be endangered should his/her name be given, then the principal may withhold the name of the particular witness. In such a case, that person's testimony cannot be used in establishing the case against the pupil.
2. The principal or his /her designee may conduct the hearing.
3. The hearing should be conducted informally, witnesses should ordinarily be questioned in the presence of the accused student, and his/her parents. If a witness is reluctant or fearful, the hearing officer may interview him/her privately.
4. If a parent or student becomes abusive or unruly during the hearing so as to impair the hearing procedure, the hearing officer may exclude that person from the hearing.
5. A written summary of the hearing, prepared by the hearing officer, is to be filed in the principal's office. The decision of the principal or his/her designee is final.
6. Suspension hearings are exempted from the provision of [Chapter 120](#).

Important: The hearing officer should be fair, impartial and thorough in his/her efforts to determine the facts and should not presume the student to be guilty because he/she has been accused. The purpose of the hearing is to determine whether the facts and circumstances justify the continuation of the principal's initial recommendation, or its modification or withdrawal.

COMMUNITY CONTROL (HOME DETENTION)

A student on community control (home detention), who is required to wear an electronic monitoring device, must attend the Alternative School Program for as long as he/she is required to wear the monitoring device. Once the device is removed, a Student Information Team meeting will be held to determine the best placement for the student.

SUSPENSION BASED ON FELONY CHARGES

Suspension proceedings, pursuant to rules promulgated by the State Board of Education, may be initiated against any pupil enrolled as a student who is formally charged with a felony by a proper prosecuting attorney for an incident which allegedly occurred on property other than public school property, if that incident is shown, in an administrative hearing with notice provided to the parents or legal guardian or custodian of such pupil by the principal of the school pursuant to rules promulgated by the State Board of Education and to the rules developed pursuant to [F.S. 1006.09\(2\)](#), to have an adverse impact on the educational program, discipline, or welfare in the school in which the student is enrolled.

Any pupil who is suspended as the result of such proceedings may be suspended from all classes of instruction on public school grounds during regular classroom hours for a period of time as determined by the superintendent. If the pupil is not subsequently adjudicated delinquent or found to have committed the felony, the suspension shall be terminated immediately. If the pupil is found to have committed a felony, the superintendent shall have the authority to determine if a recommendation for expulsion shall be made to the school board; however, such suspension or expulsion shall not affect the delivery of educational services to the pupil in any residential or nonresidential program outside the public school.

EXPULSION

Florida Statutes define expulsion as the removal of the right and obligation of a student to attend school for a period of time not to exceed the remainder of the term or school year and one additional year of attendance.

The school principal or designee may recommend to the Superintendent that a student be expelled for a serious breach of conduct or repeated violations of this Code of Student Conduct. In most instances and unless special circumstances exist, such as special educational services requirements, students who commit offenses or accumulate offenses leading to an expulsion recommendation after the progress report date in the 3rd nine week grade period will be recommended for expulsion for the remainder of the school year plus the first semester of the following year.

- (1) The following procedures shall be observed when a student is suspended with a recommendation of expulsion:
- (a) The Superintendent shall receive and review the recommendation for expelling a student from the school principal or designee who is directly charged with the supervision of the student concerned. A recommendation shall be submitted in writing to the Superintendent and shall indicate the grounds for the recommendation. The student's parent(s) or legal guardian(s) or the adult student shall be notified in writing of the recommendation and the specific charges, upon which the recommendation is based, shall be provided a reasonable opportunity to meet with the principal to discuss the recommendation and shall receive a copy of the recommendation submitted to the Superintendent. Such notification shall be sent by certified mail or by regular mail if the parent(s) or legal guardian(s) or the adult student has been notified in person.
 - (b) The Superintendent shall review the school's investigation and determine whether to recommend expulsion of the student to the school board.
 - 1. All interested parties shall be immediately informed in an appropriate manner when the Superintendent's investigation reveals that insufficient evidence or reasons exist to support an expulsion recommendation. The student shall immediately be readmitted to school with no penalty imposed for absences related to the investigation; this does not include the initial school suspension if reasonable in nature. Records of the expulsion recommendation shall be expunged.
 - 2. If the Superintendent recommends to the school board that the student be expelled, the Superintendent may extend the student's suspension until such time that the school board acts on the recommendation. The student's parent(s) or legal guardian(s) or the adult student shall be notified in writing of the right to an administrative hearing before the School Board's designated hearing officer. To request a hearing, the parent(s) or legal guardian(s) or the adult student shall file a written request for a hearing with the Superintendent's office at the specified address and before a certain date and time identified in the notice. Failure to request a hearing, in a timely manner, shall be considered a waiver of the right to a hearing. The student's parent(s) or legal guardian(s) or the adult student who timely requests a hearing shall be notified in a manner calculated to inform him/her in a timely manner of the date, time, and place of the hearing.
 - (c) Expulsion hearings are conducted under [Section 120.57 \(2\), Florida Statutes](#).
 - 1. All parties shall have an opportunity to present evidence and argument on all issues, to conduct cross-examination and to submit rebuttal evidence. The student may also use the services of legal counsel at no expense to the School Board. The student's identity will remain confidential within the provisions of statute unless the student's parent(s) or guardian(s) or the adult student requests a public hearing. The Model Rules of Procedure, Florida Administrative Code, Chapter 28-5, shall govern such proceedings.
 - 2. The hearing officer shall accurately and completely preserve all testimony in the proceeding(s) by tape recording. On the request of any party, the School Board shall make a full or partial transcript available at actual cost. If either party desires a court reporter, they shall make arrangements for such court reporter and bear the expense.
 - 3. Following the hearing, the hearing officer will prepare a report detailing findings of fact. If the hearing officer concurs with the Superintendent's recommendation, the hearing officer will prepare a proposed final order which shall include Findings of Fact and Conclusions of Law for the school board to consider at the next regular scheduled meeting. If the hearing officer finds that insufficient evidence or reasons for expulsion exists, no proposed final order will be prepared and upon receiving the hearing officer's report, the Superintendent will notify all interested parties as in (b) (1) above.
 - 4. The Superintendent will notify the parent(s), legal guardian(s) or the adult student of the date, time and place of the meeting in which the school board will consider approval of the hearing officer's proposed final order.
 - 5. The school board shall review the hearing officer's report and approve or reject the proposed final order.
 - 6. The Superintendent shall notify the student's parent(s) or legal guardian(s) or the adult student of the official school board action by certified mail and include a copy of the school board's final order. The notice shall inform the student's parent(s) or legal guardian(s) or the adult student of his/her right to appeal the school board's final order to the District Court of Appeal.

ALTERNATIVE DISCIPLINARY PROGRAM

The Alternative Disciplinary program allows eligible students to earn grades, credits, and promotion in a safe environment while removing these students from their home campuses so that all students can learn in an environment that is both safe and conducive to learning. If the parent, guardian or adult student wishes to avail himself of a hearing regarding placement in the alternative disciplinary program, he shall request with the Director of Student Services at the specified address and before a certain date and time identified in the notice. Failure to request a hearing, in a timely manner, shall be considered a waiver of the right to a hearing.

Situations where eligibility of Alternative Placement may be withheld include:

- Zero Tolerance Violations. Students who commit Zero Tolerance offenses may not be served in the Alternative Disciplinary program without superintendent approval. In these cases, the superintendent must first determine that the student may be served while maintaining safe conditions for students and staff in the program before offering the program.
- Failure of the parent and student to (1) agree to alternative placement, and; (2) agree to follow the rules of the alternative placement program.

Students must meet one of the following criteria to be eligible for the program:

1. Has been recommended by the Superintendent for alternative placement**
2. Has been recommended as an Exceptional Education student for alternative placement due to noncompliance with a Behavior Intervention Plan***
3. Has been recommended as an Exceptional Education student for alternative placement in lieu of expulsion***
4. Has been recommended as an Exceptional Education student for alternative placement for violation of the Gun Free Schools Act or violation of the district alcohol and drug policy***
5. Has been recommended for alternative placement as a 504 student with an existing modification plan***

7. Has been placed on community control (home detention) with electronic monitoring device (See Community Control section of this Code.)****
8. Has transferred from another district or state and was in a mandatory alternative program for disciplinary reasons****

** Students who fail to abide by program rules may be required to serve additional time in the Alternative Disciplinary Program or be recommended for expulsion.

***Students who fail to abide by program rules will be considered for reassignment to home-based or other more restrictive programs.

****Students who fail to abide by program rules may be suspended or recommended for expulsion based upon recent school discipline history (students who are expelled may not be served during

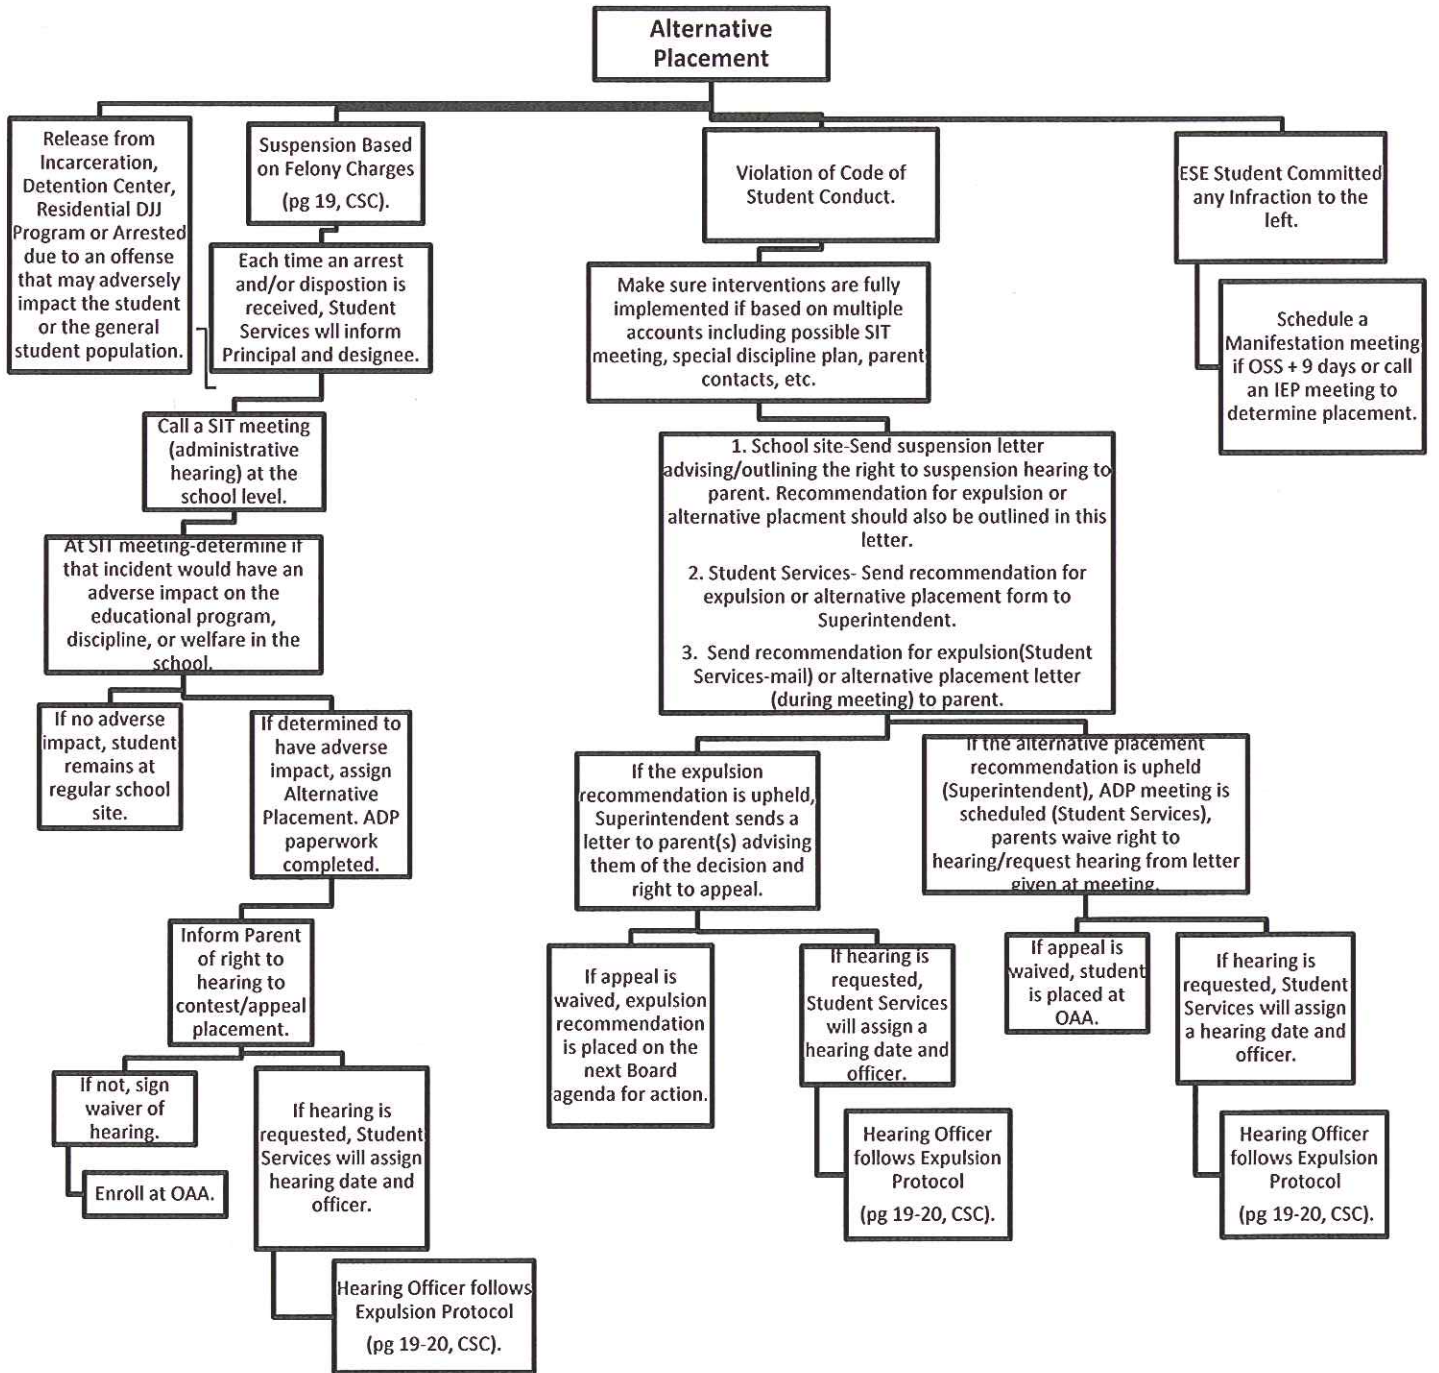

the expulsion).

****In an attempt to minimize the interruption of a student's attendance in school, a suspension may be reduced upon enrollment in the assigned alternative setting.

SPECIAL NOTE: School districts have no obligation, according to Florida law, to provide any educational services to an expelled student. Since the Okeechobee County School Board attempts to educate all children, an alternative school placement will, in many cases, be offered. Parents of students enrolled in such alternative school programs may need to provide extra tutoring or other services in order to help their child to be fully prepared to re-enter the regular school program.

Absences between SIT meeting (Admin. Hearing) and Hearing to Appeal (requested by parent) will be excused.

MTSS (Purple File) must be present at ALL SIT/ADP Hearings-Student's school site brings to meeting (If Safety Plan is created/updated, place in MTSS (Purple File))

ALCOHOLIC BEVERAGES

To: *The Students of Okeechobee County*
From: *Ashley Albright, Assistant State Attorney*

Underage drinking is a serious problem in Okeechobee County. Underage drinking is against the law. You need to know that this office, on behalf of the State of Florida, will now prosecute every minor caught with alcohol and every minor caught using a fake "ID" to buy alcohol. You should also know that if the Court finds you guilty, in addition to any other penalties you receive; you will lose your driver's license or the right to get a license when you turn sixteen for up to one year. The penalty also carries a one year suspension and 40 hours of community service for first offense, and a two year suspension and 40 hours of community service for a second offense.

Please ask yourself – Is a beer worth losing your license? Is a beer worth a criminal record?

STEPS TO FOLLOW IF A STUDENT ACCIDENTALLY OBTAINS POSSESSION OF ALCOHOL, DRUGS, TOBACCO (OR) OVER-THE-COUNTER MEDICATIONS:

1. Always say "no" if offered any of the above substances.
2. A student who becomes in possession of a contraband substance must turn it in to a teacher or administrator. This must be done before an investigation has been initiated to avoid consequences.
3. An explanation must be provided regarding the possession of the contraband substance.
4. Consequences for not following the steps above may be found in the corresponding Violations Chart.

BULLYING AND HARASSMENT

The District will not tolerate bullying and harassment of any type. The School Board approved policy 5.321 specifically defines bullying and harassment and sets forth specific actions the district must take to make sure that our students are safe and free from bullying, cyber-bullying and harassment. [Florida Statute 1006.147](#) and [School Board Policy 5.321](#) outline very specific procedures that must be documented in our efforts to stop bullying and harassment. These procedures include instruction on the policy for parents, students and staff; reporting, investigating and assignment of consequences; and referral of victims and perpetrators of bullying/harassment for counseling. Any and all acts of bullying and harassment should be reported to school administration. District report forms are available at the office of your child's school. Please note that allegations can be made anonymously, however, formal disciplinary action cannot be based solely on an anonymous report. For information on Bullying and Harassment, see Section N. Violence in this Code of Student Conduct.

DATING VIOLENCE AND ABUSE

It is the policy of the Okeechobee County School District that all of its students and school employees have an educational setting that is safe, secure, and free from dating violence and abuse. The District shall not tolerate dating violence and abuse of any kind. Dating violence or abuse by any student is prohibited on school property, during any school related or school sponsored program or activity, or during school sponsored transportation as found in [Board Policy 5.325](#).

Teen dating violence is a pattern of emotional, verbal, sexual, or physical abuse used by one person in a current or past intimate relationship to exert power and control over another when one or both of the partners is a teenager.

Abuse is mistreatment which may include insults, coercion, social sabotage, sexual harassment, threats and or acts of physical or sexual abuse. The abusive partner uses this pattern of violent and coercive behavior to gain power and maintain control over the dating partner.

School employees, students, parents and members of the school community are required to report such incident to the principal or designee for investigation. Submission of a good faith complaint will not affect the complainant or reporter's future employment, grades, learning or working environment, or work assignments.

SEXUAL HARASSMENT (NEW LEGISLATION EFFECTIVE AUGUST 2020)

A SCHOOL'S RESPONSE TO SEXUAL HARASSMENT

- Under the Final Rule, any of the following conduct on the basis of sex constitutes sexual harassment:
 - A school employee conditioning and educational benefit or services upon a person's participation in unwelcome sexual conduct (often called "quid pro" harassment);
 - Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity; or
 - Sexual assault, dating violence, domestic violence, or stalking (as those offenses are defined in the Clery Act, 20 U.S.C. § 1092(f), and the Violence Act Against Women Act, 34, U.S.C. § 12291(a).

- Consistent with Supreme Court precedent and the text of Title IX, a school must respond when:
 - The school has actual knowledge of sexual harassment;
 - That occurred within the school's education program or activity;
 - Against a person in the United States.

The Final Rule expands "actual knowledge" to include notice to any elementary or secondary employee, and states that any person (e.g., the alleged victim or any third party) may report to a Title IX Coordinator in person or by email, phone, or mail. The Final Rule also specifies that school's education program or activity includes situation over which the school exercised substantial control, and also buildings owned or controlled by student organizations officially recognized by a postsecondary institution, such as many fraternity and sorority houses.

- Consistent with Supreme Court precedent, a school violates Title IX when its response to sexual harassment is clearly unreasonable in light of the known circumstances, and the Final Rule adds mandatory response obligations such as offering supportive measures to every complainant, with or without a formal complaint.
- Schools must investigate every formal complaint (which may be filed by complainant or by a school's Title IX Coordinator). If the alleged conduct does not fall under Title IX, then a school may address the allegations under the school's own code of conduct and provide supportive measures.

SEXUAL HARASSMENT OF STUDENTS BY A SCHOOL BOARD EMPLOYEE

The Director of Human Resources serves as the District Equity Coordinator and may be reached by calling 863-462-5000 Ext. 1022. Filing of a complaint or otherwise reporting sexual harassment will not affect the individual's future grades or extracurricular activities.
- The right to confidentiality, both the complainant and the accused, will be respected, consistent with the Board's legal obligations, and with the necessity to investigate allegations of misconduct and take corrective action when this has occurred.
- In determining whether alleged conduct constitutes sexual harassment, the totality of the circumstances, the nature of the conduct and the context in when the alleged conduct occurred will be investigated. The Superintendent or designee has the responsibility of initiating an investigation along with law enforcement and the Department of Children and Families if appropriate.

ZERO TOLERANCE FOR SCHOOL-RELATED VIOLENT CRIME

The Okeechobee County School Board fully supports Florida Statutes 790 and 1006.13 regarding Zero Tolerance for school violence, crime and the use of weapons and directs all employees to comply fully with these statutes. In compliance with these statutes, the board directs that:

Students who are found to have committed one of the following offenses shall be expelled, for a period of not less than one full year with or without continuing educational services and be referred for criminal prosecution:

- a.) **BRINGING A FIREARM OR WEAPON**, as defined in chapter 790, to school function, or onto any school-sponsored transportation or possessing a firearm at school.
- b.) **MAKING A THREAT OR FALSE REPORT**, as defined by §790.162 -§790.164, respectively, involving school, school personnel or school personnel's property, school transportation, or a school-sponsored activity.

The Okeechobee County School Board hereby adopts, pursuant to section [1006.13 Florida Statutes](#), a policy of zero tolerance that:

- a.) Requires reporting to a law enforcement agency any act that poses a threat to school safety whenever and wherever students are under the jurisdiction of the school. Serious acts include but are not limited to weapons possession, threats of violence, hate related crimes, robbery, etc.
- b.) Minimizes the victimization of students, staff, or volunteers, including taking all steps necessary to protect the victim of any violent crime from further victimization.

The most serious consequences provided for in the Code of Student Conduct shall be invoked in dealing with students who engage in violent criminal acts on school property, on school-sponsored transportation, or during school-sponsored activities as found in Florida Statute 1006.13(6) (a).

The Superintendent has established a process for facilitating active communication and cooperation between schools and law enforcement agencies, and the Department of Juvenile Justice in sharing information that will help school officials make the best decisions regarding students' educational services and placement.

The superintendent and the administrative staff will assist teachers and other school personnel, consistent with board policies and the Code of Student Conduct, to act decisively and effectively when dealing with violent and disruptive youth.

DISCIPLINE OFFENSE CODES

In addition to the violations charts listing the most common serious infractions, it also gives guidance to school officials on how to code the infractions into our student database. SESIR, "School Environmental Safety Incident Reporting" is also included in the offense code chart below. Please note that due to the individual nature of infractions, incidences of discipline violations may be described by one or more codes. It is the responsibility of the school to choose the code most appropriate for the individual incident.

THE FLORIDA LEGISLATURE (F.S. 1006.135) PASSED A LAW WHICH PROHIBITS “HAZING” AT ANY SCHOOL WITH ANY OF GRADES 6 – 12, and provides criminal penalties for individuals in any grades 9 through 12 who commit acts of hazing. Hazing means any action or situation that endangers the mental or physical health or safety of a student for purposes including, but not limited to, initiation or admission into or affiliation with any organization operating under the sanction of a school. Any student of grade 9 through 12 who commits an act of hazing which results in serious bodily injury or death will be charged with a third degree felony. Any student of grades 9 through 12 who commits an act of hazing which creates a substantial risk of injury, although the victim is not hurt, will be charged with a first degree misdemeanor. The fact that the victim in a hazing incident provided consent to the hazing cannot be used in a criminal defense. In addition to criminal charges, school disciplinary action will be taken against any student involved in hazing incidents.

SIMULATING A FIREARM OR WEAPON WHILE PLAYING or wearing clothing or accessories that depict a firearm or weapon or express an opinion regarding a right guaranteed by the Second Amendment to the United States Constitution is not grounds for disciplinary action or referral to the criminal justice or juvenile justice system. However, a student may be subject to disciplinary action or referral to criminal justice or juvenile justice system if simulating a firearm or weapon while playing substantially disrupts student learning, causes bodily harm to another person, or places another person in reasonable fear of bodily harm. Disciplinary actions involving student clothing or accessories may be addressed as dress code violations described in [F.S. 1006.07](#) unless the wearing of the clothing item or accessory causes a substantial disruption to student learning, in which case the infraction may be addressed in a manner consistent with consequences of similar disruptions.

The pledge of allegiance to the flag shall be recited at the beginning of the day in each public elementary, middle, and high school in the state. Each student shall be informed by a written notice published in the student handbook or a similar publication pursuant to [s. 1006.07\(2\)](#) that the student has the right not to participate in reciting the pledge. Upon written request by his or her parent, the student must be excused from reciting the pledge, including standing and placing the right hand over his or her heart. (Florida Statute 1003.44)

WARNING: Whenever any student, parent, or other person is charged with committing an **ASSAULT OR BATTERY UPON ANY ELECTED OFFICIAL OR EMPLOYEE OF A SCHOOL DISTRICT OR SPORTS OFFICIAL**, regardless of whether he knows or has reason to know the identity, position or employment of the victim, and the elected official or employee is on school property or is away from school property on official school business, the offense for which the person is charge shall be classified:

ASSAULT – First Degree Misdemeanor
BATTERY – Third Degree Felony
AGGRAVATED ASSAULT – Second Degree Felony
AGGRAVATED BATTERY – First Degree Felony (F.S. 784.081)

WHAT DOES PROGRESSIVE DISCIPLINE MEAN?

Progressive Discipline–The severity of the consequence should **INCREASE** every time the **SAME** incident occurs.

If a detention did not keep the student from showing disrespect, the consequence for the second offense should be more than a detention.

Example: Severity of consequences increase with repeated incidents. (Time between incidents and severity of incidents are considered)

1st Failure to Comply infraction: Example: consequence of Administrative Counseling

2nd Failure to Comply infraction: Example: consequence of Conference with Parent. A non-example: another Administrative Counseling

3rd Failure to Comply infraction: Example: consequence: Detention/ISS/or OSS. A non-example: no increase in consequence

GUIDE TO READING THE VIOLATIONS CHARTS

The following charts list the most common serious infractions, but they do not include every possible violation. The principal or his/her designee determines the type of code violation committed by using the definitions in the left hand column of the charts listed below. The minimum consequence assigned is determined by the grade level of the student which is designated at the top of each remaining column. Minimum consequence means the least type of corrective action that may be assigned to the student to attempt to change the unwanted behavior.

When deciding what disciplinary action should be taken, the principal or his/her designee shall consider the student's age, exceptionality, previous conduct, probability of a reoccurring violation, attitude, severity of the offense, and whenever possible, shall impose disciplinary action in a progressive manner. For this reason, punishment may exceed the minimum consequence and is expected to be more of a consequence than assigned before for the same incident. For all levels, any incident that is hate-related and/or gang-related shall be grounds to increase disciplinary actions.

School Bus Rules

The Okeechobee County School Board assumes responsibility for students from the time they get on a school bus in the morning until they arrive at their bus stop in the afternoon. Students may be subject to video or audio recording while on the bus.

Such recordings may only be viewed by authorized school personnel or law enforcement.

Parents or guardians are responsible for supervising their children at bus stops. Students should be at the bus stop five minutes before the bus is scheduled to arrive. Riding the bus is a privilege, not a right. If the rules below are repeatedly violated, a student may lose his/her privilege of riding the bus.

The following rules apply to all persons at all times in regard to school buses leased, owned, chartered or operated by the Okeechobee County School Board:

1. Stand at least ten feet off of the roadway while waiting for the bus.	11. Remain seated until the bus comes to a complete stop upon arrival at school or at your stop.
2. Cross the roadway at least ten feet in front of the bus, in clear view of the driver, and only on the driver's signal.	12. Do not eat, drink, or chew gum on the bus unless an exception is made. A choking incident on the bus could have serious consequences. Spilled food and liquid could cause insect infestation and is a costly item to treat.
3. Do not talk to the driver while the bus is moving unless spoken to or in an emergency.	13. Leave through the front loading door, except in emergencies.
4. Talk to other students in ordinary voice levels, unless the driver asks for silence.	14. Exit the bus at your assigned stop, unless a bus pass has been approved by the principal or designee.
5. Do not talk or make noise at a railroad crossing.	15. Pick up any trash in your seat area and help to keep your entire bus clean.
6. Do not block aisles or exits with legs, feet, book bags, or backpacks, coolers or any other items at any time.	16. Do not use profane, vulgar, or obscene language and/or gestures at any time.
7. Do not extend your arms, hands, head or objects through bus windows. Nothing is to be thrown from window of bus at any time.	17. Bullying and harassment will not be tolerated and must be reported to the driver promptly.
8. Do not bring the following onto the bus: items larger than 14 inches square, balloons, glass containers, pets or other animals, radios, CD players, and other electronic devices such as MP3 players, iPod and other handheld games, or any dangerous objects. Exceptions can be made with prior approval for musical instruments or science project boards on a case by case basis when the items are part of the student's instructional program. Baseball bats may be transported in proper zipped bags as long as the bag does not impact other students. Skateboards may not be transported on the bus.	18. Cell phones may be used on the bus so long as ringers are inaudible. Cell phone usage that distracts the driver from safe driving will not be tolerated. All cell phones must be turned off immediately and remain off for the balance of the route or trip upon the drivers' first request. Any phone or electronic device found on the bus or collected by the driver will be returned to a school administrator the next time the driver is regularly scheduled to return to that school.
9. Do not tamper with bus equipment, controls, warning devices, safety devices, or interfere in any way with the driver's operation of the bus.	19. Only Okeechobee County Students, staff or approved chaperones may ride the bus.
10. Sit in the seat assigned by the driver.	20. Seat belts are to be buckled at all times.

Violations of these rules of conduct have the potential of jeopardizing the health and safety of all school bus passengers.

The bus driver is required by law to report to the school principal any violation of the rules. Disciplinary action will depend upon the seriousness of the violation, the number of times the student has violated these rules, and the age of the student. Results of misconduct on the school bus may range from informal disciplinary procedures to formal disciplinary action including suspension from school, suspension from the bus or permanent removal from the bus for the remainder of the school year.

When a student is suspended from riding a school bus due to misconduct, his/her absence from school is not excused. The parent or guardian is responsible for providing transportation during the time the student is excluded from the bus. Students suspended from the bus will not be transported on any other bus during the suspension period, including extracurricular or field trip buses.

Students or parents will pay for any damages/vandalism deliberately inflicted upon the bus by students.

STUDENT TECHNOLOGY PRIVILEGES AND ACCEPTABLE USE

All student users of the Okeechobee County School Board's technology resources must complete, with applicable signatures, an Okeechobee County School Board Acceptable Use Policy Contract, and Photo Release Form and follow the guidelines stated in the contract. Access to OCSB technology resources will be denied to students that do not have this form signed and on file. Students that violate these policies will be reported to the principal of their respective school and their computing privileges will be suspended or revoked, depending on the severity of the violation. All illegal activities will be reported to the Superintendent or his designee and prosecuted to the fullest extent of the law. Computer use by students is a privilege, not a right.

Okeechobee County School Board Student Acceptable Use Policy

Section 1. Purpose of Technology Use

The Okeechobee County School Board provides technology resources to its students solely for educational purposes. Through technology, the District provides access for students and staff to resources from around the world. Expanding technologies take students and staff beyond the confines of the classroom, and provide tremendous opportunities for enhancing, extending, and rethinking the learning process. The goal in providing these resources is to promote educational excellence in the District by facilitating resource sharing, communication, collaboration, creativity and critical thinking with the support and supervision of parents, teachers, and support staff.

Section 2. The Opportunities and Risks of Technology Use

With access to computers and people all over the world comes the potential availability of material that may not be considered to be of educational value in the context of the school setting, or that may be harmful or disruptive. Because information on networks is transitory and diverse, the District cannot completely predict or control what users may or may not locate.

In accordance with the Children's Internet Protection Act, the District installs and operates filtering software to limit users' Internet access to materials that are obscene, pornographic, harmful to children, or otherwise inappropriate, or disruptive to the educational process, notwithstanding that such software may in certain cases block access to other materials as well. At the same time, the District cannot guarantee that filtering software will in all instances successfully block access to materials deemed harmful, indecent, offensive, pornographic, or otherwise inappropriate. The use of filtering software does not negate or otherwise affect the obligations of users to abide by the terms of this policy and to refrain from accessing such inappropriate materials. No technology is guaranteed to be error-free or totally dependable, nor is it safe when used irresponsibly.

Section 3. Privileges and Responsibilities

The District's electronic network is part of the curriculum and is not a public forum for general use. Student users may access technology for only educational purposes. The actions of student users accessing networks through the District reflect on the School District; therefore, student users must conduct themselves accordingly by exercising good judgment and complying with this policy and any accompanying administrative regulations and guidelines. Students are responsible for their behavior and communications using the District's computers and networks.

Student users of technology shall:

- Use or access District technology only for educational purposes
- Comply with copyright laws and software licensing agreements
- Understand that email and network files are not private. Network administrators may review files and communications to maintain system integrity and monitor responsible student use.
- Respect the privacy rights of others.
- Be responsible at all times for the proper use of technology, including proper use of access privileges, complying with all required system security identification codes, and not sharing any codes or passwords.
- Maintain the integrity of technological resources from potentially damaging messages, physical abuse, or viruses.
- Abide by the policies and procedures of networks and systems linked by technology.
- Participate every year in Cyber Safety curriculum that includes Internet safety, appropriate online behavior and cyberbullying.

Student users of technology shall not:

- Access, download, create, send or display offensive messages or pictures.
- Use harassing, offensive, obscene or defamatory language.
- Harass or attack others;
- Vandalize or damage computer equipment, systems, networks, hardware, software, data or programs;
- Knowingly spread computer viruses;
- Violate copyright laws or software licensing agreements;
- Use others' passwords or accounts;
- Misrepresent themselves or others;
- Trespass in others' folders, work, or files, or gain unauthorized access to resource or entities;
- Reveal their personal address or phone number, or those of other users;
- Use District technology for non-school purposes or personal financial gain or to access or attempt to access restricted websites or other information unrelated to the curriculum and educational purposes of the school; and
- Use technology for any illegal purpose or activity.

Students may access the networks and technology resources only after submitting a signed Acceptable Use of Technology Consent Form. Parent or guardian permission is also required for minors.

Section 4. Google Apps for Education Accounts

Okeechobee County School Board provides students with Google Apps for Education accounts. Google Apps for Education includes free, web-based programs like email, document creation tools, shared calendars, and collaboration tools. This service is available through an agreement between Google and Okeechobee County School Board. Google Apps for Education runs on an Internet domain purchased and owned by the district and is intended for educational use. Your student's teachers will be using Google Apps for lessons, assignments, and communication. Google Apps for Education is also available at home, the library, or anywhere with Internet access. School staff will monitor student use of Apps when students are at school. Students are responsible for their own behavior at all times.

Section 5. COPPA Compliance

Dear Parents of school-aged children under the age of 13:

In order for schools within the Okeechobee County School Board (OCSB) to continue to be able to provide your student with the most effective web-based tools and applications for learning, they need to abide by federal regulations that require a parental signature as outlined below.

Our district utilizes several computer software applications and web-based services, operated not by this school, but by third parties. These include Google Apps for Education (GAPE), Prezi, Animoto, NearPod, and similar educational programs. A complete list of the programs with the privacy policy for each can be found on the Okeechobee County School Board website located under the Technology Department.

In order for our students to use these programs and services, certain personal identifying information generally the student's name and email address must be provided to the website operator. Your student will receive a Google email account to participate in the Google Apps for Education program used by OCSB. Under federal law entitled the *Children's Online Privacy Protection Act* (COPPA), these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13. For more information on COPPA, please visit <https://www.ftc.gov/tips-advice/business-center/guidance/complying-coppa-frequently-asked-questions>

The law permits schools such as ours to consent to the collection of personal information on behalf of all of its students, thereby eliminating the need for individual parental consent given directly to the website operator.

Section 6. Disciplinary Actions

Violations of this policy, or any administrative regulations and guidelines governing the use of technology, may result in disciplinary action which could include loss of network access, loss of technology use, suspension or expulsion, payment for cost of damages or other appropriate disciplinary action. Violations of local, state or federal law may subject students to prosecution by appropriate law enforcement authorities.

Section 7. No Expectation of Privacy

The District's electronic network is part of the curriculum and is not a public forum for general use. Users should not expect that email or files stored on District servers will be private. The District reserves the right to log technology use, to monitor fileserver space utilization by users, and to examine users' files and materials as needed, and at its discretion. Users must recognize that there is no assurance of confidentiality with respect to access to transmissions and files by persons outside, or from persons inside the District.

NOTE: A student may possess a **wireless communication device** (cell phone, etc.) while the student is on school property or in attendance at a school function.

However, such devices shall be turned off and shall not be used or displayed during the regular school day unless there is an established plan at the school site.

Students may use a cell phone on a school bus under the conditions set forth in the School Bus Rules section of this Code. Students are subject to additional school disciplinary action and criminal penalties if the device is used in a criminal act.

NOTE: Cell phones and other electronic devices are costly pieces of equipment. As with other personal property, the school district cannot be responsible for theft or damage to a cell phone. **Students who bring cell phones and other electronic devices assume all the risk associated with the theft or damage to such device.**

Extraordinary steps cannot be taken to search for or return missing items, or to investigate their theft or damage.

Any phone or electronic device found on the bus or collected by the driver will be returned to a school administrator the next time the driver is regularly scheduled to return.

SUBJECT: INDUSTRY CERTIFICATION TEACHER BONUS FUNDING
DATE: July 14, 2020

RECOMMENDATION:

That the Board approve bonuses to Career & Technical Education teachers based on direct instruction provided for students to attain an industry certification. If teachers provide instruction in a course that has an industry certification linked to it, they will receive the bonus based on that industry certification. If the teacher does not have an industry certification linked to the course they teach, then they will receive the bonus based on instruction they provide in a course that results in attainment of an industry certification.

BACKGROUND INFORMATION:

Section 1011.62(1)(o)3., F.S., provides for the following teacher bonuses from the industry certification additional FTE calculation:

- For industry certifications earned in the 2013-2014 school year and in subsequent years
- For each classroom teacher who provided direct instruction toward the attainment of an industry certification that qualified for additional full-time equivalent membership
- Value of the bonus varies as follows:
 - \$25 for each student taught by a teacher who provided instruction in a course that led to the attainment of an industry certification on the CAPE Industry Certification Funding List with a weight of 0.1.
 - \$50 for each student taught by a teacher who provided instruction in a course that led to the attainment of an industry certification on the CAPE Industry Certification Funding List with a weight of 0.2.

In addition, bonuses awarded are provided to teachers who are employed by the district in the year in which the additional FTE membership is included in the calculation.

*Funds to be used are from the Industry Certification Program funds (#1008) for this purpose and reimbursements will be made to eligible teachers as funds allow.
